
Our friend Jesus

looks for those in need

Our friend Jesus
seeks to save the lost

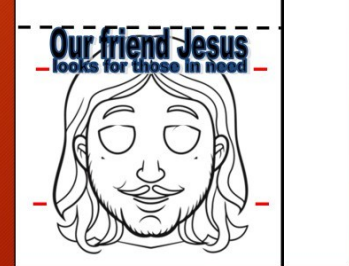

Our friend Jesus
watches over you and me

CRAFT TIME

Directions:

1. Color the face of Jesus. Wait to do the eyes.
2. The eyes are cut out for you on the lower rounded part. Fold that part up. Color the side you now see the same color as his hair.
3. Cut slits towards his face so that they look like eyelashes.
4. Cut on the solid line. Save the slip of paper for the moving eyes.
5. Fold the paper in half on the dotted line.
6. Staple on the red lines on each side of Jesus' face in line with his mouth and on each side of the sentence, "looks for those in need".
7. Put the slip of paper you saved in between the folded paper.
8. Draw pupils in the eyes (on the slip of paper which can move) so that the pupils are looking left. Now you can pull the slip of paper so that they look right and straight ahead.
